

NUMBER 41

are difficulties inherent in the marketing of wheat . . . It is a problem which will have to be tackled, lest destitution and misery come to all that section of farming Canada which is dependent upon grain for its livelihood."

farmers sons who so infrequently remain on the land that it seems as though they are ready to try any other walk of life rather than that one in which they have been brought up, and in which they have seen their fathers working long hours, at very hard work, for pittance on which they have endeavored to live.

Notice to Fruit Growers

The BRITISH COLUMBIA ORCHARDS, LIMITED, Are prepared to handle an additional tonnage of Apples, Pears and Soft Fruits. For information phone 42 or call at our office on Smith Avenue, Kelowna. (Next to C.P.R. freight depot).

MORE THAN 3,000 BOOKS TAKEN OUT

Through the Kelowna branch of the Okanagan Union Library, 3,572 books were circulated. There were thirty-three new residents registered during last month, and one transient registration, bringing the total to 2,474.

Division of the books taken out last month follows:
General works, 10; philosophy, 35; religion, 18; science, 36; other than English, 6; science, 46; useful arts, 93; fine arts, 63; literature, 73; travel, 190; biography, 308; history, 82; fiction, 2,064; juvenile, 833.

Dr. Ross E. Gray has been rented City-owned Lots 4, 5, 6, 7, 8 and 9, Map 1141, and Lots 35, 36, 37, 38, 39, 40, 41 and 42, Map 1246, at \$10 for the year, for pasture purposes.

BLOSSOM TEA AT PEACHLAND IS PROFITABLE

Bombed Britons' Society Funds Augmented by \$40—Mrs. O. France Tells of Work in Kelowna

A most attractive Blossom Tea was held by the Peachland branch of the Bombed Britons' Society, at the Legion Hall, Tuesday afternoon, April 29. A home cooking table with an array of fine cooking prepared in a most profitable one while a table of miscellaneous articles brought in a considerable amount. The proceeds of the whole afternoon, which amounted to \$40, are to be used for materials to make quilts, etc., for shipment overseas.

Mrs. O. France, President of the Kelowna Society spoke briefly during the afternoon, outlining the work of the Bombed Britons' Society. She said that this organization dealt entirely with used materials, in contrast to the Red Cross, which used new materials in their work. They sent their quilts and clothing to the Salvation Army, which was urgently in need of more supplies. The speaker was introduced by the President, Mrs. E. A. Baptist, who announced that members of the Society would make a house-to-house canvass for old materials that could be used in their work.

A number of quilts made by the Society were on display during the afternoon.

Mrs. Stubbs, of Westbank, returned to her home on Tuesday after a brief visit with her daughter, Mrs. G. Munro.

Mr. and Mrs. Dowler left on Tuesday for their home in Alberta after a year's holiday spent in Peachland, where they were the guests of their son-in-law and daughter, Mr. and Mrs. Neil Witt.

J. Elliott left for his home in Penticton on Saturday, May 3, after a few days spent with his sister, Miss A. E. Elliott.

Miss Sheila McKay returned to Peachland on Saturday, May 3, after completing her third year at University. Mr. and Mrs. McKay, who left recently for Vancouver, remained there because of the illness of Mr. McKay.

H. Sutherland returned home on Saturday, May 3, after a week at Vancouver.

Norman Ekins left on Wednesday, April 30, for Quebec, where he will receive instruction in the Air Force.

After a holiday at Vancouver, Mr. and Mrs. G. Garling arrived home on Saturday, May 3.

Miss N. Frith has returned to spend the summer in Peachland, after spending the winter months at Vancouver.

G. Watt, who was a patient at the Shaughnessy Military Hospital, returned to his home here on Friday, April 25.

Mrs. J. McLaren left on Thursday, May 1, for Victoria, where she will join her husband, Trooper J. McLaren, of the Ninth Armored Regiment.

Miss Edith Shatford left recently for her home in Regina after a month's visit with her aunt, Mrs. N. Wright, at the Edgewater Inn.

Mrs. G. Tickell returned to her home in Vancouver on Monday, April 28, after a short visit with her sister and brother-in-law, Mr. and Mrs. A. Smalls.

Mr. and Mrs. R. N. Martin have returned to Peachland from Penticton and have taken up their residence on Fifth Street.

Raymond Wilson arrived home on Wednesday, April 30, from Vancouver, where he took his first year at the University of British Columbia.

John Gummow, who had been taking his Senior Matriculation at Victoria College, arrived home on Friday, May 2.

Hugh Dorland, of Chilliwack, is the guest of his parents, Mr. and Mrs. P. N. Dorland.

Mrs. Burks, of Kelowna, was a weekend guest at the home of Mr. and Mrs. W. D. Miller.

RIDING CLUB AT OK. MISSION IS MAKING STRIDES

Twenty-Two Members Ride for Four Hours—Lessons Being Given to Beginners

Last Sunday, 22 members of the O.K. Riding Club went on a four-hour ride to South Kelowna, returning to Okanagan Mission for tea. W. R. Barlee was host to the club and before giving riders tea, their horses had to go over a jump.

The children's class on Saturday also proved popular, about 30 being present. This was the second lesson and dealt with the feeding and care of horses. J. Ferguson has kindly given the club permission to use the field near the Eldorado Arms Hotel. Posts for the field have been donated by E. T. Hayward. Mrs. E. H. Oswald has lent her pony for the summer.

These children's classes, which are to be held every Saturday afternoon, at 2 o'clock, throughout the summer, are entirely dependent on generosity of members who bring along their ponies and share them with those who have no horses of their own.

Mrs. E. Davis is in charge of instructing the beginners and she is helped by six girls and W. R. Barlee, who is taking the advanced pupils.

Colors of the Riding Club are green and white.

Peter Mallam is home on leave, prior to his transfer to the 9th Armored Regiment.

Sergeant Gilbert Davis, of the D.C.O.R.'s, was home on leave for

FISHING REPORT

(By Joe Spurrier)

Osoyoos Lake: Mr. Stevens, of Osoyoos, had very good luck over the week-end, with a seven-pound bass being the top catch of the day. This lake has several varieties of fish—perch, catfish, bass and Kamloops trout. Try small spinners with flies, plugs or crawfish. Near the shore is good fishing.

Vaseux Lake: There were some nice catches taken out of Vaseux Lake, but fishing was just fair. It should improve by the middle of May. This lake contains bass, Kamloops trout and perch. Try still fishing from the roadside with worms or crawfish, or try bait casting with F.S.T. or a plug.

Kialo Lake: Fishing has just begun fair. Should improve by the end of this week. Troll near the shore and try going fast. Fish take fast moving baits at this time of the year. Use small plugs, F.S.T. or a Stewarts No. 3. Try trailing a silver-bodied fly on your fly outfit.

Fish Lake, Summerland: For Eastern Brook Trout, try sunken flies, Carey, Grizzly King, or just plain worms and float.

Silver Lake, Peachland: Should be good by May 24th.

Bear Lake and Raymer Lake: Good fishing, west of Okanagan Lake. Wonderful fly fishing. Fish from 1 1/2 to 2 pounds. You have to pack in to these lakes six miles.

Okanagan Lake: Has just been fair. Mr. Alexander was top for the week with a 14-pound Kamloops trout. Don't forget to get in touch with your local Rod and Gun President about the O. K. Big Fish Contest. This contest is run by the Big Fish Club of the Okanagan: Vernon, Kelowna and Penticton.

Caribou Lakes: McCulloch district, 24 miles east of Kelowna. Fish are small, one pound and 1 1/2 lbs., but plenty of them.

Woods Lake: Landlocked Sockeye or Silvers are very plentiful. Best fishing time is from 4:00 p.m. to 8:00 p.m. One party got the limit in one hour.

Oyama Lake: In the Beaver Lake chain. Fish are from 3 to 15 pounds. Have not had any reports as yet.

Kalamalka Lake: Fishing has been fair. Should improve with warmer weather in May. Try F.S.T. and small plugs and fairly fast trolling.

Summit Lake: At Grande Prairie. Good on small plugs, F.S.T. and a few days last week.

St. Andrew's Parish Guild is holding a tea at the home of Mrs. W. D. Walker this afternoon.

J. Fleming and M. Olson, formerly of Okanagan Mission, are now operating a restaurant in Oliver.

trailing flies, Carey or Silver Mallard and Troll fast with F.S.T. and plugs, slow with flies.

Mabel Lake: This lake is two hours from Vernon, 25 miles long, and fishing is fair. Should improve during the middle of the month. Fish are from 3 to 10 pounds.

Mara Lake: Fifteen miles long Kamloops trout, Dolly Varden and Gray trout are in this lake. Should be at its best from the middle of May to the end of June. Fish from 3 to 20 pounds. Have plenty of back-lake fishing for this particular lake. Please take this tip if you use an outboard motor: Use No. 2 F.S.T., small plug or No. 3 Stewart, with your motor at half-speed. Try this once.

Pillar Lake: Norman Day and son caught 20 on the fly on the opening day. Others got their limit trailing Carey, plug and F.S.T. Made a personal visit to Pillar Lake on May 4, to visit the spawning beds, and found from four to five-pound fish had just started to run. This is one of the hot lakes in this district.

Paul Lake: Flash! Have just received a long distance phone call from Mrs. Scott. Fly fishing is wonderful. Flash! Peterhope and Penticton also hot.

Shuswap Lake: Sorrento, Norman Day's Camp and Sorrento Lodge. Fishing should be good from now on, trailing flies, Silver Mallard, Carey, plugs, F.S.T., Stewart No. 3 and Cowichan No. 4.

Shuswap Lake: Sicomous. Try Cowichan, a plug or an F.S.T. Fish from 3 to 20 pounds.

Little River: One party at Little River caught ten up to 5 pounds. Warm weather should bring the salmon fry down between the 15th and the 20th. Then, if you want river fishing, this is the place to go.

Heaver Lake: From the reports of the Fishery Officer, Rod McRue, fish are running from 3 to 6 pounds and, as predicted, this lake should be back into its own this year. The opening date is May 21.

According to a Russian scientist, the human eye moves involuntarily about one hundred times a minute.

Paul Lake: Flash! Have just received a long distance phone call from Mrs. Scott. Fly fishing is wonderful. Flash! Peterhope and Penticton also hot.

"If I had my way..."

"If I had my way, I would write the word 'Insure' over the door of every cottage, and upon the blotting book of every public man; because I am convinced that, for sacrifices that are inconceivably small, families can be secured against catastrophes which otherwise would smash them up for ever. It is our duty to arrest the ghastly waste not merely of human happiness, but of national health and strength which follows when, through the death of the breadwinner, the frail boat in which the fortunes of the family are embarked founders and the women and children are left to struggle helplessly on the dark waters of a friendless world."

Important Announcement!

KELOWNA, May 8th, 1941.

DEAR FOLKS:—

The KELOWNA HARDWARE COMPANY Ltd. will, as from today, carry on under the name of its principal owners, McLennan, McFeeley & Prior, Limited, of Vancouver, B.C.

The chief purpose of this change is to make obvious the desire of Messrs. McLennan, McFeeley & Prior, Limited, to be more closely identified with the Community of KELOWNA AND DISTRICT, and establish permanent intimation of a wish to do their part in contributing to its development, progress and the maintenance of its institutions.

The change will also enable the Company to make available, to a much greater extent than heretofore, a wider range of merchandise, more comprehensively displayed, with better service and at advantageous prices.

Messrs. McLennan, McFeeley & Prior, Limited—an essentially Provincial-wide institution—have adopted a policy to systematically broaden their field of employment, so as to accord the people of any district in British Columbia (including the Kelowna district) equally, as opportunity offers, to become members of their Headquarter's Staff, and learn the business. Special courses of technical training will be given to those possessing the necessary ability and qualifications.

In all other matters the business will be carried on as heretofore.

I hope, as local Manager, now being given a wider field of executive responsibility, to do my best to serve our customers and this community.

Sincerely yours,
"MANAGER BILL" WHITEWAY,
Kelowna Hardware Co., Ltd.

R. Y. P. C.

The members of the Rutland Young People's Club assembled in the small hall for their meeting on Thursday, May 1st, and the President, Ernie Gibson, called the gathering to order at 8:30 p.m., with twenty-one in attendance. Those present were glad to see John Beck again at the meeting, having made a special effort to come down from Okanagan Landing.

After roll-call and reading and adoption of the minutes of the previous meeting, the Secretary, Isabelle Gervin, submitted a financial report. A lengthy discussion ensued, and finally it was decided to sponsor a dance on Friday evening, May 9th, to complete the club's activities this season. It was also voted to engage the Kelowna High School Orchestra to provide the music that evening. A dance committee was elected to help in arranging for the event. The invitations were left in the hands of the President.

The chairman then brought up for discussion the question of another meeting. After some debate, the club decided to have a final meeting on the Thursday following the dance, the date being set for May 15th. All matters having been disposed of, the business session adjourned at 9:30 p.m.

The meeting was then turned over to the Entertainment Committee, with Ian Hadden in the chair. After an amusing game, the rest of the evening was spent in dancing. Refreshments followed, served by the Refreshments Committee. The gathering broke up at 10:30 p.m.

President Ernie Gibson wishes to bring to the attention of all club members that the date of the dance has been postponed to Friday, May 16th, and that the next meeting will be on the following Thursday, May 22nd.—A.D.G.

TO SPRAY OWN TREES

Permission to carry out their own spraying arrangements in 1941 was granted by the City Council to E. F. Morris, A. W. Weeks and Oscar Marr, at the Monday evening meeting.

More About
These are difficulties that confront the generation which is coming along, and I know of no more lamentable instances than the inability of farmers' sons to remain on the land and make an adequate living. It is a particular difficulty which we must tackle. It was not tackled; if we do not find some hopeful solution, even in part, those who come after us will most assuredly blame us.

The main difficulties with which the farmer has had to contend have been the problems connected with the marketing of his produce. The co-operative efforts of the last thirty years have followed the usual course of co-operative efforts. They have succeeded; then the faith in them has dwindled; then a terrific year of marketing has come, and co-operation has benefited once more.

But there has always been this trouble, that those who were ready to co-operate, to form a co-operative union, had to leave out those farmers who had no intention whatsoever under any circumstances of co-operating with their brethren, with the result that the umbrella which was laboriously raised and held over the market of this perishable product was taken advantage of by those who had no intention at all to co-operate, but who, with perhaps comparatively small quantities of produce, were able to jump into and out of a market and get rid of their produce, leaving behind them a wholly demoralized market in which large volumes of produce still on the hands of the producers had to be sold.

"It was not wonderful, therefore, that gradually the idea of a co-operative union, based on the voluntary acts of farmers, was not likely to succeed, and pressure was brought to bear on the Provincial Government with the idea of endeavoring to obtain marketing legislation which would place in the hands of the farmers sufficient power to enable them to carry out the orderly marketing of their produce.

On the occasions the Provincial Government of British Columbia passed such marketing measures, and on three occasions those measures fell by the wayside after trial, after they had been made use of because of the old difficulty of the constitutional question as between what the Dominion Government and the Provincial Government can properly control. Eventually, therefore, we arrived at the point when there was in office a Dominion Government that was ready to proceed with a Natural Products Marketing Act which would aim at overcoming that constitutional difficulty.

"I am firmly of opinion that, under certain circumstances and for some crops, there is the probability that considerable assistance may be given the farmer when trying to find the best possible marketing path. There is one great difference, I think, between the marketing of farmers' crops and the marketing of other commodities. Three things may happen. They may be sold; they may be stored, at considerable expense; or they may be destroyed. Therefore, there is everything in favor of some control which will induce the orderly marketing of these perishable commodities.

"The bill that was introduced into this House during the session of 1934 met with a stormy reception. Every conceivable allegation, contemptuous and inaccurate, was leveled against that measure by the then Liberal Opposition. From the present Prime Minister down, there were things said of this measure which certainly its authors did not recognize as facts.

"It was said that it was unwarrantable governmental intrusion into business. It was said that the government could sell live prices of field crops. It was said that it was regimentation, and with one honorable exception the whole Liberal party went against that marketing legislation. That honorable exception was Hon. R. B. Bennett, one time Minister of Agriculture, who put his principles above his party. Because he believed that this legislation would provide some solution for the farmers' difficulties, he supported it; he took part in a useful, critical examination of it on the second reading of the bill, and he voted for the measure. That bill received royal assent early in July, and by the middle of September twenty-one boards had been set up.

A.O.T.S. MEN'S CLUB IN FINAL SESSION

Last Meeting of Season Hears Rev. F. Henderson on May Day

The A.O.T.S. Men's Club met in the Church Hall for its last meeting of the season on the evening of Thursday, May 1st. The wives of members and guests had been invited to the meeting, and there was a fine attendance.

The ladies of the George McKenzie Circle provided an excellent supper.

Rev. F. Henderson was the guest speaker of the evening, choosing as his subject "May Day," and tracing the origin and the celebration of the day back through many generations.

T. F. McWilliams expressed the appreciation of the gathering for Rev. Mr. Henderson's excellent address.

Darts, pingpong, quilts and shuffleboard were played by the guests and members.

"The very first board to be set up was the British Columbia Tree Fruits Board, which handled the fruits of the Okanagan Valley and the surrounding territory. That board met with such success that it has continued in existence all these years, although the act under which it was originally set up was later destroyed.

"Difficulty arose when the produce of one province was being marketed in other provinces, and it was to overcome that difficulty that the federal act was passed. The principle underlying the federal act was just this, that, if it were desirable to have this marketing legislation, there should be a federal act, and that parallel with that act there should be provincial acts. The provincial act could control the marketing of the crop within that province, while the federal act could give the same measure of control to the sale of that produce in the other provinces.

"During that year and into the next year satisfactory results were obtained by the B. C. Tree Fruits Board under this control of sales. It was possible to prevent that under-cutting by the man with but a small quantity of produce to sell, the inevitable result of which was the smashing of a market. It prevented the marketing of immature fruit, one of the most serious drawbacks to the fruit industry of this country, because there are so few parts of Canada which honestly and honorably support the fruit act in the matter of grading. It also prevented one variety of fruit from being rushed on to the market before an earlier variety had been cleaned up. All those matters were handled by that board in a way which has never been possible while there were a dozen or a score of shipping houses all selling as and when they might.

"But the government changed; and the new government, with vindictive intent, I am sorry to say, decided that this act must be destroyed. Appeals to the Government were made in number, not only by Conservatives to permit the Supreme Court to examine this matter in the way that courts are accustomed to do such work; that is, not to have the act pitched at the court, saying, 'Here is this good or is it bad?' but to have a case presented to the court regarding an infringement of the act, so that the matter might be gone into in the way that lawyers and judges are accustomed to do their work. But no, they were adamant; they were going to destroy that act, and the act was thrown to the Supreme Court.

"The counsel who was employed to present the case in all probability was a most worthy professional man, but certainly he was not conversant with this type of legislation. The case of the parallel provincial act which was interlocked with the federal act was not plainly described to the court. The Supreme Court threw the act out. The next step was that the Government decided it would go to the Privy Council. It went, and the Privy Council upheld the finding of the Supreme Court. As a result the act was dead.

"But the judgment of the Privy Council made curious reading for those who had followed this piece of work consistently through its various stages. Naturally it was a matter of intense interest to those in British Columbia who had thrown in their lot under the board which was set up under the act. I was rather taken with the words used by a prominent fruit grower in my neighborhood who, having read and studied the judgment of the Privy Council, made this statement: 'The

How these profits are earned is disclosed in the annual report for the company for 1939. Primarily the "West Kootenay" plants are operated to supply power to Trail smelter and the various manufacturing activities of that concern. Output-four per cent of the electrical output is used by the smelter company while various privately-owned mines and towns and villages, in the district west of Trail as far as Keremeos and Princeton, are served by the company's high-tension lines.

"To its parent company, 'West Kootenay' supplies power in Trail at less than half a cent per kilowatt unit. To the Sheep Creek mines the charge is one cent per kilowatt. Hedley the rate was recently boosted to .30 of a cent. Petition is underway to pay from a high of two cents down to a low of one cent, on a graduated basis. Approximately, then, Trail smelter gets its power at half the rate charged outsiders. There is, of course, justification for a somewhat lower rate, because Trail is such a large user in a concentrated area and cost of high-tension transmission have to be considered as the power is delivered in smaller lots through the countryside. But the fact remains that 23 percent of the total income of 'West Kootenay' comes from the six per cent of its total output which it sells to the public.

"It would appear that a very beneficial public enquiry could be held into the question of whether the rates are justified as they are. The view of the recent increase in tariff to the private mining companies. Is the company treating its largest customer (which owns a majority of its common stock) more generously than it treats public users? The matter is an important one for the government to look into."

Lorne Campbell, President and General Manager of the West Kootenay, paid a visit to Kelowna recently and was an interested visitor at a City Council committee session. He made no comment as to any increase or decrease in rates and offered no explanation for his visit.

Victory is a matter of life or death—national survival or hopeless defeat. You have the power to defeat the enemy by joining the War Savings Army. Do it now.

SEALERS Tenders addressed to the undersigned and endorsed, "Tenders for coal for Western Provinces," will be received until 3:00 p.m. (E.D.S.T.), Wednesday, May 14, 1941, for the supply of coal for the Dominion Buildings and Experimental Farms and Stale, throughout the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa; the District Resident Architect, Winnipeg, Man.; the District Resident Architect, Saskatoon, Sask.; the District Resident Architect, Calgary, Alta.; and the District Resident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto.

In the case of tenders quoting for one or more place or buildings and when the total of their offer exceeds the sum of \$5,000, they must attach to their tender a certified cheque or cashier's bank check, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada, or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

The Department also reserves the right to demand from any successful tenderer a security deposit, in the form of certified cheque or bond as above, equal to 10 per cent of the amount of his bid, to guarantee the proper fulfilment of the contract.

By order, J. M. SOMERVILLE, Secretary, Department of Public Works, Ottawa, April 17, 1941.

4 CITY TO SEEK

More About From Page 1, Column 3

It could handle all the business and traffic of Vancouver and the Lower Mainland area and still have some left over.

"The ownership set-up of the corporation is interesting. There is an issued share capital of \$6,112,000, of which more than half is owned by the Consolidated Mining & Smelting Co., a C.P.R. subsidiary, and people who are large shareholders in the smelter and the railway individually possess considerable holdings of 'West Kootenay' shares.

The company has a great part in the upbuilding of the mining activity of the Kootenays and the boundary country. It has been so successfully operated that during many years it has earned dividends in substantial amounts.

How these profits are earned is disclosed in the annual report for the company for 1939. Primarily the "West Kootenay" plants are operated to supply power to Trail smelter and the various manufacturing activities of that concern. Output-four per cent of the electrical output is used by the smelter company while various privately-owned mines and towns and villages, in the district west of Trail as far as Keremeos and Princeton, are served by the company's high-tension lines.

"To its parent company, 'West Kootenay' supplies power in Trail at less than half a cent per kilowatt unit. To the Sheep Creek mines the charge is one cent per kilowatt. Hedley the rate was recently boosted to .30 of a cent. Petition is underway to pay from a high of two cents down to a low of one cent, on a graduated basis. Approximately, then, Trail smelter gets its power at half the rate charged outsiders. There is, of course, justification for a somewhat lower rate, because Trail is such a large user in a concentrated area and cost of high-tension transmission have to be considered as the power is delivered in smaller lots through the countryside. But the fact remains that 23 percent of the total income of 'West Kootenay' comes from the six per cent of its total output which it sells to the public.

Victory is a matter of life or death—national survival or hopeless defeat. You have the power to defeat the enemy by joining the War Savings Army. Do it now.

SEALERS Tenders addressed to the undersigned and endorsed, "Tenders for coal for Western Provinces," will be received until 3:00 p.m. (E.D.S.T.), Wednesday, May 14, 1941, for the supply of coal for the Dominion Buildings and Experimental Farms and Stale, throughout the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa; the District Resident Architect, Winnipeg, Man.; the District Resident Architect, Saskatoon, Sask.; the District Resident Architect, Calgary, Alta.; and the District Resident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto.

In the case of tenders quoting for one or more place or buildings and when the total of their offer exceeds the sum of \$5,000, they must attach to their tender a certified cheque or cashier's bank check, payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada, or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque if required to make up an odd amount.

The Department also reserves the right to demand from any successful tenderer a security deposit, in the form of certified cheque or bond as above, equal to 10 per cent of the amount of his bid, to guarantee the proper fulfilment of the contract.

By order, J. M. SOMERVILLE, Secretary, Department of Public Works, Ottawa, April 17, 1941.

REDUCE BUSINESS LICENCE

City Solicitor E. C. Weddell has ruled that the business licence of the Co-operative Shoppers Sales Service Exchange should be \$5 every six months and not \$15, as was charged formerly, as this firm only deals in exporting fruit from the Okanagan. He informed the Council on Monday that the firm would not require a licence for the first six months of 1941 if no business transactions are carried on, but even if correspondence relative to obtaining export business is sent from the office, then a business licence should be paid.

East Kelowna Community Hall In Sound Financial Position

Annual Meeting Gratified by
Splendid Showing of Past
Year—Loan of \$600 Paid
Back in One Year

The annual meeting of the East Kelowna Community Hall Association was held in the Community Hall on Tuesday, April 29, with 20 members in attendance. President T. Carter occupied the chair. A discussion of the balance sheet showed that the hall had been paying its way and was in a sound financial position with no outstanding debts that could not be met by current revenue.

The expenditures for the year ending March 31 amounted to \$14,873.33 with a bank balance of \$30.97. Assets amounted to \$5,865.88 with outstanding taxes and other items amounting to only \$154.89, which amount may be met at any time. Considerable satisfaction was given to the members by the sound position which the hall has maintained during difficult times of securing revenue. The loan of \$600 had been paid back during the year.

In the election of nine members to the Hall board for the ensuing year, all members of the old board were returned by the vote of the meeting. The present board included: T. Carter, President; G. D. Fitz-Gerald, Vice-President; H. R. Perry, Secretary-Treasurer; and Mrs. S. Olson, T. Dyson, R. W. Johnson, A. Ward, M. N. Barwick, and Miss Grace Porter, who was elected to succeed Jack Blackburne, who has enlisted.

Mrs. E. B. Powell, on behalf of the Red Cross, thanked the Hall board and hall members for the use of the hall for the Red Cross meetings and for the co-operation that the Red Cross had received from the Board.

The hall was used constantly during the winter and has proved to be a decided asset to the community. As well as the Badminton and Pro Rec Clubs, the hall was used by the Red Cross, Parish Guild, Women's Institute and for meetings, dances, etc. Curline had been purchased, which added to the comfort and appearance of the hall. Present plans call for painting of roof and window trim, and a new series of dance-innovation introduced last year, of having a party for hall members will be continued this year with a membership party on May 16 when admission is the purchase of a hall membership.

A vote of thanks to President T. Carter and other members of the Hall board was unanimously endorsed by the meeting.

Mrs. F. Christie and infant daughter returned home this week from the Kelowna General Hospital.

Several East and South Kelowna residents journeyed to Vernon on Tuesday, April 29 to attend the Mart Kenny dance held in the Vernon Civic Arena.

Water Situation

The cold nights in the watershed districts have been instrumental in slowing up the run-off water, allowing much of the water to sink into the ground and be lost to use. This loss has been considerable and the water situation is somewhat more serious than it was a few weeks ago. It was reported then that the water situation was good, but later developments have changed the picture. However, several days' rain in the district have eased the amount of water being used, and in the hills the diversion ditches are reaching peak loads and are adding to storage.

The East Kelowna Community Hall Board sponsored the first of a series of dances on Friday, May 2, in the Community Hall, to the music of Roy Enderby's orchestra. This was the first dance for some months that this orchestra has played here, and the attendance, though somewhat smaller than usual, nevertheless made an enjoyable evening.

Mrs. A. McFadyen, of Calgary, has been spending the past few weeks as the guest of her uncle and aunt, Mr. and Mrs. H. R. Perry, of East Kelowna.

Teddy Foot has returned to spend the summer months with his parents, Mr. and Mrs. F. Foot, after completing a year's term at U.B.C.

George Fitz-Gerald entered the Kelowna Hospital on Saturday, May 3rd, for a tonsillectomy, which was performed the same day.

Several of the ladies of East Kelowna attended the Province cooking school held in Kelowna last week. Mrs. Percy Hinks was the winner of the dinner which was drawn for on the last day of the demonstrations.

AMERICAN TENNIS TOURNEY SUCCESS

First Play of Season Sees Keen Competition

The first American Tournament of the season, held at the Kelowna Lawn Tennis Club, on Sunday, May 4th, was a decided success. In spite of threatening weather, members had a good afternoon's play and competition was keen.

The winners were Miss Marjorie Stiel, Kelowna, and Harry Ward, East Kelowna, with Miss Nancy Sutton and W. Chuck Harrison, Kelowna, as runners-up. The courts are now in excellent condition and play is in full swing. New members wishing coaching please contact Miss Marion Elmore, Miss Jean Schooley, or Mrs. H. M. Gardner and arrangements will be made for play during afternoons or evenings.

SMITH SPITFIRE FUND

Ald. John Smith and City Clerk Smith, of St. Catharines, Ont., have been instrumental in inaugurating a Smith Spitfire Fund. They hope to interest all the Smiths in Canada to subscribe to this fund and purchase a Spitfire for the British Empire cause. All cities and municipalities in Canada have received a similar notice from St. Catharines.

Birds are able to change their wing area in flight; man has been unable to do the same in an airplane.

LILAC TEA HELD AT MRS. HALL'S IN BENVOLIN

Benvoulin Refugee Organization Funds Benefit by Sum of Seven Dollars and Another Ten Dollars in Raffle

The Benvoulin Refugee Organization held an enjoyable "Lilac" tea at the home of Mrs. Hall, which the kindly loaned, on Thursday afternoon, May 1st. About thirty were present and \$7.00 was taken in the blanket donated by Mrs. L. L. Gillard was drawn for, and the lucky winner was Mrs. Quirico. Ten dollars was received on the raffle.

Johnnie Casorso, who joined the army last summer, has been honorably discharged from his unit as medically unfit, and is now under the Department of Pensions for advanced treatment.

Reg. Q.M. Sgt. A. E. Davis, of Vernon, spent Sunday at the home of Mrs. M. E. Casorso.

Mrs. Stanley Findlay left over the week-end for her home at Fraser Lake, after spending a five weeks' visit at the home of her mother, Mrs. Chamberlain.

Albert Daniels and Martin Casorso motored to Armstrong on Monday, May 5.

L. Gillard returned home on Friday, May 2, after spending a holiday at Vancouver and Lumbly.

Private Alex. MacFarlane spent the week-end at the home of his parents.

Mrs. Chamberlain, assisted by her daughter, Mrs. Stanley Findlay, of Fraser Lake, B. C., entertained a number of old friends last week at her home in Benvoulin, honoring Mrs. R. Findlay, of Vancouver. A delightful afternoon was much enjoyed by all in renewing old friendships.

Freddie Chamberlain left by car for Vancouver on Friday, to spend a few days' holiday.

Mrs. MacFarlane is spending a holiday with her relatives in Okanagan Centre.

Miss Gladys Bianco returned home last week to stay with her parents, Gino Pagnon, after spending a few days' visit at the home of Mr. and Mrs. E. Bianco, returned to his home in Trail on Tuesday, May 6.

NO COMPULSORY SPRAY ZONE AT RUTLAND

B.C.F.G.A. Local Decides it is too Late in Season to Make Move—Want Guarantee of Fair Return

The Rutland Local of the B.C.F.G.A. met on April 30, at 8 p.m., in the Library room. The attendance was small, but the items on the agenda were well discussed.

The matter of having a compulsory spray zone was a topic that received considerable attention. It was finally decided that this idea could not be carried through, as it was getting late in the season and there were insufficient spray machines in the district to undertake the work.

Another resolution brought before the meeting was one dealing with the returned soldiers. This resolution asked that the B.C.F.G.A. contact the packing houses and ask them to re-employ, on their discharge, men who had left their service to join the army. This resolution was adopted unanimously.

Another resolution dealt with petitioning the government to guarantee a fair return to the farmer for his produce. This also carried. Ben Hoy, District Horticulturist, attended the meeting.

Sergeant Jack Woolsey, of the 2nd Canadian Scottish, stationed at Albert Head near Victoria, is spending his leave at the home of his sister and brother-in-law, Mr. and Mrs. L. M. Wanless.

The local Company of the Girl Guides paid a surprise visit to the home of one of their former members, namely Wilma Quigley, now Mrs. Earl Bumphreys, and presented her with some lovely gifts for her new home.

Members of the Women's Association met at the home of Mrs. Wm. McDonald on Thursday afternoon of last week to host a new bride with a miscellaneous shower. Mrs. Earl Bumphreys (nee Wilma Quigley), the bride, was the recipient of many useful and attractive gifts. The tea table was suitably decorated with wedding bells and a miniature-bridal party. Dainty refreshments were served and a pleasant social hour ensued.

"WHAT ABOUT HENRY FORD?"

The Detroit Sunday Times Pictorial Review of April 20th, 1941, carried an interesting and informative news story entitled, "What About Henry Ford?" Following are excerpts which should be of interest to all residents.

Just what part is Henry Ford playing in America's great defense program? When there's a job to be done, Henry Ford is not a talker. Behind the pall of words, plans, cratic confusion and obstructionist violence—all of which tends to hide the real progress of armament—Ford is quietly and unostentatiously doing a gigantic job for his country.

"The Ford Motor Company without fuss or fanfare has mobilized itself into what is probably one of the most comprehensive arms of defense production in the country. In this industrial complex of factories, engineering laboratories, railroad lines, highways and ship docks, nearly every defense need, from the manufacture of magnesium to the building of United States naval personnel in mechanics, is being served with assembly line precision and speed.

"Coupled with the huge Rouge factory are the Highland Park plant and the Ford Motor Company of Canada Ltd. Records show that the Canadian factory has turned out 60,000 vehicles of 14 types, including tanks, since the war began. The new airplane motor plant, built at a cost of \$21,000,000, 10,000 workmen will be employed to manufacture the first order of 4,000 Pratt and Whitney 'Waspas'. The company holds a \$122,323,000 contract for manufacture of this air-cooled speed demon.

"Airplane parts will be produced at a special plant, being erected at a cost of \$11,000,000 and employing more than 5,000 men, to make wings, tails and nose assemblies for the Consolidated bomber B-24.

"In addition to air defense, the Ford plant makes midgelet army field cars, officers' cars and army trucks. Ford's refusal to make Rolls-Royce airplane engines was not based on a reluctance to aid Britain, but on belief that United States engines are superior to the foreign design offered for his manufacture.

Henry Ford's personal direction, his engineers have developed and tested what they believe to be the most powerful motor per pound of weight now in existence.

"It is a liquid cooled V-12, exhaust super-charge type, using a fuel injector system. It weighs less than 1,400 pounds and is capable of producing 1,800 horsepower. The fuel system prevents icing of carburetors. This coupled with the fact that only 6% of the motor output is lost in supercharging, as compared with a 20% loss in the best motor heretofore available, makes it ideal for high altitude, long-range bombers.

"Definite evidence of Ford's willingness to manufacture for Britain is found in the fact that the Rouge plant is working with Transportation Engineers, Inc. to produce mobile kitchens and other mobile relief equipment for use in England.

"The Navy Department was so eager to take advantage of Ford's offer of training in naval mechanics to sailors that it constructed naval barracks in the shadow of the main plant on the Rouge River. Now the Ford Training School is returning to the Navy 300 mechanically trained men monthly.

"To this instruction program Ford plans to add one in airplane mechanics so that upwards of 4,000 youths may become proficient in this field.

"The Highland Park plant has its own educational defense program, conducted in co-operation with the American Red Cross. Here expert

TULIPS AND LILACS LOVELY SETTING AT WESTBANK TEA

Mrs. Reece's Home Scene of United W.A. Blossom Tea in Aid of Church Funds

Great armfuls of tulips and lilacs were placed in vases to adorn the verandah of Mrs. Reece's home on Thursday, May 1st, when the United Women's Auxiliary held a "blossom tea" in aid of their church funds. The entertainment had been planned for the lawn and garden, but owing to the cool, unsettled weather the tea-tables were arranged on the verandah, and very pretty they looked with their centres of bleeding-heart and foliage. The ladies of the Auxiliary served the tea and the afternoon netted \$7.00 for the treasury. The children enjoyed the lawn and garden, where they played most of the afternoon. Mrs. J. D. Gillam, of Peachland, accompanied Rev. Geo. Pringle from that community, to attend the afternoon entertainment.

Pte. Wyndham Lewis, New Westminster Regt., stationed at Vancouver barracks, spent several days' leave at the home of his parents, Mr. and Mrs. M. Lewis, leaving on Sunday night to rejoin his unit. Cpl. Jack Drought and Pte. J. W. Barrell have also been at their homes on leave, and now have returned to their regiment, the 2nd Can. Scottish, Victoria. Pte. Howard Crowe, also of the 2nd Can. Scots, has been visiting friends in Westbank, and has gone on to Calgary where his parents reside. Mrs. J. W. Barrell, who has been staying in Victoria since last fall, has returned to Westbank with her family and plans to stay here now.

Misses Mavis and Jean Fenton, of Westbank, who have been spending the past three weeks with relatives at Lloydminster, Sask., returned to their home at the end of last week.

Clifford D. Dobbin made a short stay in Vancouver last week, returning to Westbank on Saturday. Clifford has made application to join the ranks of radio mechanics (U.T.), but his application has been postponed for several months.

Twenty-five Years Married Life In Glenmore is Commemorated

Mr. and Mrs. G. H. Moubray Are At Home to Many Friends on Silver Wedding Anniversary

A happy and pleasing event took place at the home of Mr. and Mrs. G. H. Moubray, of Glenmore, on Saturday, April 26, when they celebrated the anniversary of their silver wedding. They were not allowed to spend this happy day quietly as they had intended.

On Saturday evening, they received a lovely case of thirty-nine pieces of silverware. The case was tied with wide white satin ribbon and white roses, and on the ribbon was printed in gold letters the names of the donors, who consisted of Glenmore neighbors and a few Kelowna friends.

Later in the evening, Mrs. Moubray received a telephone call, asking permission for the use of her home on Sunday afternoon, and between the hours of 3 and 5 on Sunday a steady stream of friends, over seventy, called to extend congratulations to the bride and groom of twenty-five years ago.

Mr. and Mrs. Moubray were married at Nahon on April 26, 1916, with Mrs. Moubray's father, the late Rev. P. Stocks, performing the ceremony.

They have since resided in Glenmore, where six children have been born: Phil, who is with the 102nd Heavy Artillery, now stationed at Prince Rupert; Cyril, in England, where he went almost three years ago to join the R.A.F., since marrying an English girl; Barbara (Mrs. Jim Snowsell), living in Glenmore; and Bruce, Nadine and Dian at home.

Both Mr. and Mrs. Moubray were born in England. Mr. Moubray coming here with his family many years ago, and Mrs. Moubray with her family after the first Great War, and after they had lost their home and all their belongings during the war in Belgium, where Rev. Mr. Stocks had been carrying on missionary work.

Mrs. M. D. Wilson had charge of the affair, and to the beginning and Mrs. Alice Tuckey, the only lady now living in Glenmore who had attended the wedding, was given the honor of hostess. Tea was served on the lawn and in the living room, which was beautifully decorated with tulips and other spring flowers.

Mrs. R. W. Andrews, Mrs. A. L. Louden, Sr., Mrs. E. Snowsell and Mrs. E. W. Ferguson poured tea, while those who assisted in serving were Mrs. R. W. Corner, Mrs. Chas. Henderson, Miss Audrey Kerr and Miss Frances Hume.

During the afternoon, Mrs. E. D. Alexander, of Vancouver, a former old-time Glenmore resident, who with Mr. Alexander, had celebrated their twenty-fifth wedding anniversary on Thursday of last week, was presented with a lovely bouquet of twenty-five roses, and a box of narcissus from the gardens of Mrs. L. E. Marshall and Mrs. R. W. Corner. This presentation was made by little Sheila Henderson.

WILL REPAY TAX PAID ON PROPERTY OWNED BY CITY

Charles Harvey's Request Regarding Refund will be Honored by City Council but Newly Acquired Land will be Kept

Kelowna City Council will make a repayment of \$8.84 to Charles Harvey, of Toronto, for school district taxes he paid on property which had been purchased at tax sale by the City of Kelowna. This property was immediately outside the city limits and had reverted from Mr. Harvey to the Government because of non-payment of taxes.

The City of Kelowna bought this property at tax sale in 1939, but a year for redemption had to elapse before clear title was obtained. The year had elapsed, but the school district tax notice still went to Mr. Harvey and he paid this amount.

In the meantime, he claims the Provincial Government notices regarding tax payments never reached him. He asked the City of Kelowna to allow the land to revert back to him, but as he had been given the legal amount of time in which to redeem the land, the Council could not see its way clear to so doing. The Council expressed its opinion, however, that the school district tax for the year should be refunded if at all possible. City Solicitor E. C. Weddell concurred that, as Mr. Harvey had paid this amount after the year for redemption had passed, the Council could refund this tax collection.

CITY WILL REMOVE BRUSH

F. A. Martin requested the City Council on Monday to have the brush removed on the vacant city lot next to his residence on Cadder Avenue. The Council agreed to employ relief recipients to destroy the brush on this lot.

Skunks have been found to be inordinately fond of potato chips.

BOYSCOUT COLUMN

1st Kelowna Troop Troop First Self Last

Orders for week commencing Friday, May 9th, 1941.

Duties: Orderly Patrol for week, Owls; next for duty, Eagles.

Italics: The Troop will rally at the Scout Hall on Friday, May 9th, and Tuesday, May 13th at 7.15.

We are glad to know that Scoutmaster A. W. Gray, of the 1st Rutland, is making good progress to recovery from an operation which he recently underwent at the Kelowna Hospital, and our best wishes for his speedy renewed health and activities are extended to him.

Our Scouts who read this column will remember that we recently warned them to "Be prepared for a test in this connection, and here it is: As soon as one of our Scouts reads this column, he is to put down on a piece of paper the date and exact time of reading, sign his name and hand the paper to the Scoutmaster or Scoutmaster's Representative."

Commissioner Weddell. The paper must be handed in by not later than 7.15 p.m. on Tuesday, May 13th, but it is not the order in which the papers are handed in that counts, but the time and date of reading. We ask parents and brothers and sisters or friends of a Scout not to say anything about this competition, if they happen to notice it, until after the 8th instant. The test is to see who will be the first to read the column, who the last, and who not at all.

We decided that we would publish the old item from our Scout Column of twenty years ago, but, on turning up our scrap book for this purpose, lo and behold! we found this entry: "Owing to a printers' strike, no local paper appeared from the 28th of April to the 2nd of June. On the latter date an issue of The Courier appeared containing a summary of all the news in the meantime. No Courier was published on the 9th of June, and the next Scout column after that of April 26th appeared in The Courier of 16th June, 1921. The account of the concert appeared in the 2nd of June Courier, but no column was published in that issue."

The following was part of the short account of our 1921 entertainment: "The annual concert of the Kelowna Troop of Boy Scouts was held in the Empire on Monday, May 23. Two performances were given, a matinee and in the evening, and were both productive of large attendances. A very interesting entertainment was given, including a film of Scout activities, choruses by the whole Troop and by the Cubs, songs and recitations, several splendid pieces by the Troop bugle band, which has made great progress in recent months. Mouth organ band selections (a very good number), horizontal bar exercises very smartly performed, and an amusing playlet."

Shat, addresses were given by Brig. Gen. Harman, who presented the badges won by members of the Troop during the past year, and Mr. L. E. Taylor.

2ND KELOWNA BOY SCOUTS

Orders for week beginning May 8, 1941:

The Troop will rally at the Scout Hall in complete uniform, on Wednesday, at 7.15.

Duty Patrol: Buffaloes, under Charlie Kaytor; followed by Wolves, under Donald Holtam.

Last week, two Cubs of the 2nd Pack, Sonnie Schuck and Francis Schleppe, came into the Troop. Quite an impressive ceremony was held, and the Troop hopes the two new probationer Scouts will try to do their very best to uphold the aims of Scouting.

Also last week, Alec and Gordon Thomas were invested and are now fully fledged Scouts. If the boys continue as they have begun, the Troop will be very proud of them. They belong to the Wolf Patrol, the P.L. being Don Holtam.

J. W. Hughes and Constable Rob-in Kendall came to our weekly parade, and Mr. Hughes presented one of the service stars to Frankie Wostradowski and spoke for a few minutes on the subject of Scouting. He hoped that the boys in the Troop would go through the world not so much on the pull of others but on the push of oneself. The boys gave three loud cheers at the conclusion of Mr. Hughes' address. Thanks, J. W.

Constable Kendall then spoke on the subject of the "don't pay, and went on to show a few pictures from the local rogues' gallery, also of the art of ju-jit-su, or self-defence. He displayed the

Quick Relief for STRAINS, SPRAINS, SORE MUSCLES, BRUISES

OLYMPENE
THE ANTISEPTIC LINIMENT

latest style of handcuffs and showed how easily they could be used. One boy evidently was a little leary, so he tried them on his own wrists with surprising results. The constable next showed the boys his little first removing the cartridges. The boys were certainly taken with the gun. Mr. Kendall promised to take the Troop out some future Sunday and teach them the art of the use of firearms. The boys are keenly looking forward to the day and the next time Constable Kendall can be with us again. The boys cheered him, and we hope to see more of him.

Our Troop Leader, Mike Lesmeister, came third in the "C" Class at the B.C. Provincial Proficiency Competition, held at Vancouver two weeks ago. We are certainly proud of him, and we look forward to bigger and better things in the future as well as in Scouting. Congratulations, Mike!

Wally Lesmeister, Frank Pavle and Charlie Kaytor succeeded in their passing their Second Class badge tests and proceeded to earn one do credit to their past efforts. Wally Lesmeister also passed his Swimmer's test, which makes him the first Boy Scout of a brother to every Scout. G. Y.

The 2nd Kelowna Troop with two proficiency badges. Good work! This coming month, we hope to pass a few more Second Class.

Patrol Competition

Eagles	434
Buffaloes	510
Beavers	551
Cougars	403
Wolves	393
Seals	163

The Seal Patrol, a newly formed patrol, had not the same chance last month, but we are anxiously awaiting this month's competition. Go to it, Seals!

In a letter from our former Scoutmaster, Lieut. W. B. Hedin, he stated that he would be coming to Kelowna on or about May 17th, and we hope he will be able to visit us once again. The boys sure miss a regular fellow. Plans for our Patrol den are now complete and work will start in the near future.

We would like to wish the 1st and Charlie Kaytor succeeded in their passing their Second Class badge tests and proceeded to earn one do credit to their past efforts. Wally Lesmeister also passed his Swimmer's test, which makes him the first Boy Scout of a brother to every Scout. G. Y.

Treat your feet to summer breezes in cool, easy-to-clean whites! Remember Mother's Day! She would appreciate a pair of these shoes.

3.95 YOUR CHOICE FOR STYLE AND COMFORT

COPP THE SHOE MAN Kelowna, B.C.

A True Tonic for Blood and Nerves

Invaluable at this season because it supplies the Vitamin B₁ and mineral substances so necessary to improve the quality of the blood and help the nerves. For better appetite, better digestion, better sleep and for better health use Dr. Chase's Nerve Food.

Girls, too, enjoy Cycling on easy-running C.C.M.'s

In addition to the sheer convenience of a bicycle, cycling is fine exercise and good fun on an easy-running C.C.M. and C.C.M.'s are bicycles of smartness and beauty with their attractive and enduring finish of blue or maroon enamel, their brilliant chromium-plate and colorful hand-decorating.

Girls! It's smart to ride a C.C.M. bicycle with a cycling ensemble to match. Visit your nearest C.C.M. dealer with your friends and select your favorite C.C.M. from the various models he has on display.

When the first spoonful makes you want to SING...

THIS IS THE FLAVOUR FOR ME TRA-LA!

you know you're getting Kellogg's Corn Flakes, and no other!

If you didn't see the package, you'd still know Kellogg's by the grand taste! No other corn flakes have that mouth-watering flavour that is the secret of Kellogg's enormous popularity.

Impartial investigators found that 4 out of 5 housewives voted Kellogg's first for flavour. Taste experts agree... your palate tells you why!

And remember, that grand flavour gives you the kind of appetite that actually helps digestion. Serve Kellogg's Corn Flakes regularly. Order two or three packages from your grocer tomorrow...

Made by Kellogg's in London, Canada.

4 out of 5 vote for Kellogg's!

During the last three years more than 5,000 women have been asked: "What is your family's favourite cereal?" And each year Kellogg's Corn Flakes have won by a large majority. Last year, when housewives were asked specifically: "Which brand of corn flakes do you think tastes best?" 84%, or 4 out of 5 of those interviewed, said "Kellogg's!"

Your family, too, will enjoy Kellogg's Corn Flakes. When you eat out, ask for the triple-wrapped individual package.

LOOK OUT FOR YOUR LIVER

Buck it up right now and feel like a million!
Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, supplies new energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten" - headache, backache, dizzy, dragged out all the time. For over 45 years thousands have been promptly relieved from these troubles - with Fruit-A-Tives. So can you now. Try Fruit-A-Tives - you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25c, 50c. Canada's Largest Selling Liver Tablets.

SPENCER CUP GAME HERE ON SUNDAY MAY 18

Cricketers to Start League Season Play Against Penticton - Juniors Have Game Scheduled

The first match of the Spencer Cup cricket schedule is to be played at the Kelowna Park on Sunday, May 18, with the Orchard City cricketers meeting the Penticton-Naramata team. The day previous, Saturday, May 17, the Vernon Preparatory School juniors will come to Kelowna to meet this city's junior team.

Last Sunday, the side captained by Doug Carr-Hilton defeated Vice-Captain Malcolm Milne's team 144 runs to 116. Each team was composed of thirteen seniors and four juniors. Scores of the match follow:

Captain's Team	Score

ONLY TWO NIGHTS BELOW FREEZING DURING APRIL

Government Weather Report Shows That No Rain Fell During Last Fifteen Days of

Although half an inch of rain fell during the first half of the month, the latter part of April was completely dry in Kelowna, the monthly weather report reveals as submitted by Government Weather Observer Dave Chapman. The highest maximum temperature was 75 and the highest minimum was 49. Only twice did the thermometer drop below freezing point in April, but on four occasions a minimum of 32 degrees was registered. Following is the complete report:

April	Max. Temp.	Min. Temp.	Rain Inches
1	66	34	
2	53	45	.05
3	55	40	.04
4	45	32	.12
5	45	38	.05

Federationist Article Misleading And Injurious, Says A. K. Loyd

Front Page Story in C.C.F. Publication Draws Retort From Head of Apple Sales Agency - Claim 500,000 Boxes to be Dumped

A. K. Loyd has actively attacked an article which appeared last week in the official publication of the C.C.F., named the Federationist and printed at Vancouver. The B. C. Tree Fruit Producers told The Courier that the statements made by Len Shepherd, C.C.F. M.L.A. for Delta, that 500,000 out of the 750,000 boxes of apples still on hand would be dumped in the Okanagan, probably down some gully, "do not represent affairs in the fruit industry and are both misleading and definitely injurious."

"Every possible effort is being made to move remaining stocks at very low prices to the consuming public, and a record movement is being obtained," Mr. Loyd continued. "To date, a portion of the crop, approximating one per cent, is all this wasteage that has occurred to fruit below acceptability for consumption."

Present sales at low prices are being made in conformity with Government orders, says the existing stocks in storage are under Government subsidy. The Government will make up any loss between the sale price and the guaranteed price to the grower, as the Government feels that it is better to sell these stocks at a greatly reduced price rather than allow them to rot in storage and have to be dumped.

Following is the front page article run by the Federationist last week, under a banner heading:

Thousands of boxes of apples are now being dumped at Penticton, Kelowna, Oliver and other Okanagan points, Len Shepherd reports this week on his return from a week's tour of that district.

Reliable sources state that of the 750,000 boxes of apples in storage in the Okanagan at least 500,000 boxes will be dumped within the next month or so unless some method of distribution is devised before that time expires. The selling season is now past for some varieties and will end for all varieties within six weeks.

Not only will this tremendous pile of fruit be wasted but the full expense of grading, wrapping, packing and storage will be a net loss to the producer.

The chairman of the C.C.F. club at Oliver writes, "They are splendid apples, but only last about ten days after they are taken from cold storage. There is not a market for them all through the regular channels of trade, where everybody handling them - brokers, packers, wholesalers, retailers, cold storage agents and railroads all do well."

Extra Fancy Apples
Len Shepherd, Chairman of the provincial C.C.F. agricultural committee, asserts that apples now being dumped are Extra Fancy, Fancy and "C" grade, all boxed and wrapped. Lids are cut off the boxes, the apples dumped into the truck, and the trucks haul the fruit to some convenient hillside or gully and dump them into huge piles.

As this "solution" to the surplus problem is subsidized by the Federal Government, the dumped fruit may be said to belong to the government which has the power and the privilege to dispose of the unconsumed fruit in any manner it so desires.

Sponsored by the Vancouver Board of Trade, 72,000 apples were given away to school children last January. The gesture might well have been repeated. It is roughly estimated that it would take about 400 boxes a day to supply each Vancouver school child with an apple daily and leave one for the teacher, too.

At the last convention of the B.C. section of the C.C.F., the government was urged to distribute surplus B.C. apples to military camps, urban school children and families on relief. The authorities apparently prefer to pour the unsold fruit down the side of a hill while thousands go without an apple a week, let alone one a day. The Federationist has been informed that the Navy is still confined to the traditional apple-a-week in their ration, although the men in the senior service would like to have them more often.

Recently, 20,000 "off-variety" apple trees were taken out of production in the Okanagan. These trees are being replaced with pears and peaches, Len Shepherd reports. Returns for pears and peaches have been better than for apples, but it is feared that when these additional trees reach production the situation will change for the worse. The Delta C.C.F. member found during his Okanagan tour that some con-

OYAMA AUDIENCE ENJOYS PLAY BY RUTLAND GROUP

Rutland United Church Plays to Enthusiastic House in "Aunt Susie Shoots The Works"

On Friday evening, May 2, members of the Rutland United Church again presented their play, "Aunt Susie Shoots The Works," to an enthusiastic audience in the Oyama Community Hall.

Miss Egid McCallum as Aunt Susie, the old maid, and Mrs. A. L. Cross as Scarlet Deane, the colored maid, deserve special mention. Characters were particularly well cast and reflected the careful direction of Miss Evaline Scott, the director.

Music was supplied by Kermit Eulin's orchestra.

The complete cast was given in last week's issue of The Courier. After the play, the Rutland Young People were entertained at the home of Mrs. Bruce Edridge, President of the Oyama United Church Ladies Aid.

Helen Humphreys, Mrs. Bruce Edridge, Grace Rawthorne, E. Broadbent, G. Hall, J. Taylor were responsible for the stage setting. Flowers were donated by Ruth East and H. MacLaren.

Visitors at the home of Mr. and Mrs. Young this week are Mrs. A. Bronson and daughter, Jean, of Kamloops.

Mr. and Mrs. A. Humphreys spent the week-end as guests of Mr. and Mrs. G. W. Hall.

Mrs. Bruce Edridge was the week-end guest of Mr. and Mrs. Johnson, Armstrong.

All available boats were out on Woods Lake on Sunday. The enthusiastic fishermen hoped to net more than some of the bigger catches already reported.

The Senior Red Cross held its meeting in the Hall on Friday afternoon, May 2.

The Oyama Community Club Committee will hold a meeting in the hall on Wednesday evening, May 7. The hall funds have received a noted boost due to the circus.

cern is being felt over the water shortage, and there is little reserve in the mountains. Moisture is badly needed now, otherwise this fall's crop will be greatly reduced. On the past crop, growers averaged 25 to 37 1/2 cents a box for apples.

In many interior towns, Mr. Shepherd saw posters displayed urging consumers to "buy B. C. products." Underneath one such sign in a grocery store he saw piles of imported lettuce, asparagus, onions and new potatoes - not one B.C. product in the whole display! And, believe it or not, the "Buy B. C. Apples" signs and stickers were lithographed in the East!

lar letters which were sent out last week appreciate greatly this generous gesture on the part of one of the 350 varieties of woodpeckers to the funds. The committee residents of the Oyama district. There are about 25 species, in- cluding 350 varieties, of woodpeck- ers in the United States.

Roll'em with Ogden's!

Ask any real roll-your-own about Ogden's. He'll tell you he has been smoking it for twenty years or more. Why? Because it's not just another tobacco - it's Ogden's. And Ogden's has a taste all its own, a taste which comes from its distinctive blend of choice ripe tobaccos. Take a tip from old timers and roll 'em with Ogden's.

COOKING SCHOOL
DRAWS BUMPER
HOUSES HERE

Vancouver Province Modern
Kitchen is Appreciated by
More Than Five Hundred
Kelowna District Women

The sixth consecutive Vancouver
Daily Province Cooking School to
be held in Kelowna, was once again
well attended by the local ladies.
on Thursday and Friday afternoons,
May 2nd and 3rd, in the I.O.O.F.
Hall, when it was sponsored by the
Loane Hardware and the Women's
Hospital Auxiliary.

It is estimated that 525 ladies
were in attendance during the two
days, and the Auxiliary expects to
clear approximately \$90.00 from the
gate receipts and the meat raffles,
one donated by Allister Cameron
and one by C. H. Harris, of the
Harris Meat Market, as well as the
90 pounds of Purty Flour donated
by that firm.

Mrs. H. W. Arbuckle, President of
the Hospital Auxiliary, introduced
Mrs. Margaret Henderson, the popu-
lar Modern Kitchen director, and
her capable assistant, Miss Ruth
Hamilton.

Request recipes and many new
recipes of a varied nature were
prepared by Mrs. Henderson and at
the end of each day these dishes
were served to the audience.

Noteworthy is the fact that many
recipes used by Mrs. Henderson
called for local apple juice, as well
as her use of apples wherever pos-
sible.

E. Jensen, the General Electric
salesman for Loane's Hardware, dis-
cussed their various electrical ap-
pliances, which were displayed
throughout the hall.

At the close of the Friday class,
Mrs. Henderson and Miss Hamlin
were presented with bouquets by
Loane's Hardware and the Hospital
Auxiliary. They also received many
lovely bouquets during the two
days.

Thursday's winners: Mrs. J. Dais,
Mrs. P. Cote, Mrs. B. F. Fowler,
Mrs. W. E. Atkinson, Mrs. E. R.
Winter, Mrs. A. H. Black, Mrs. A.
Wood, Mrs. W. T. Patterson, Miss
E. H. Earl, Mrs. Ray Ritchie, Miss
Kay Kennedy, Mrs. I. Parkinson,
Mrs. K. Fetscher, Mrs. C. M. Lardin,
Mrs. M. James, Mrs. E. R. Bailey,
Mrs. Whiffin, Mrs. M. D. Wilson,
Mrs. H. W. Arbuckle, Mrs. S. Ru-
dolph, Mrs. A. K. Loyd, Mrs. A. L.
Woods, Mrs. R. Wilson and Mrs. A.

MAN'S WORLD

Dr. D. H. McKay, of Kamloops,
was a guest of the Royal Anne Hotel
over the week-end.

Jim Payton, Physical Instructor
at the University of Alberta, Ed-
monton, arrived in Kelowna on
Sunday evening.

R. C. Atkinson, Jack Witt, C. M.
De Mara and R. F. Parkinson spent
the week-end fishing at Pillar Lake.

Paul Stoffel, of Cashmere, was a
business visitor in Kelowna last
week.

Leslie Johnston entertained about
thirty friends at an after-five party,
on Sunday afternoon, at his home
on Christleton Avenue, on the oc-
casion of his birthday. Miss Jean
Burt, whose twenty-first birthday
was on Tuesday, May 6th, was the
guest of honor.

Allan Tassell, R.C.N., is spend-
ing a week's leave with Mr. and
Mrs. Ward Rennie, en route to Hal-
fax, where he joins his new ship.

Leading Seaman John Rennie,
R.C.N., is back from Halifax, and is
spending a long leave with his par-
ents, Mr. and Mrs. W. H. Rennie.

R. P. MacLean returned on Sun-
day evening from Vancouver and
Victoria, where he attended a con-
ference of weekly newspaper execu-
tives.

Tpr. Jim Tostenon, of the 9th
Armored Regiment, was on leave in
Kelowna last week, visiting his par-
ents and many acquaintances.

Wilson A. McGill left on Monday
on a business trip to Vancouver. He
expects to return to Kelowna today.

Lt. Col. C. W. Husband, O.C., B.C.
Dragoons, visited Kelowna shortly
on Tuesday prior to leaving for M.D.
Headquarters at Victoria, on an
official visit.

Assistant Commissioner John Shit-
ra, of the B.C. Police, was a visitor
to Kelowna on Thursday. He con-
tinued his inspection trip down the
Valley and then went east to the
Kootenays. He was accompanied
from Kelowna by Sgt. A. Mac-
donald, who heads the Kelowna dis-
trict detachment of the B.C. Police.

T. G. Norris, K.C., former Kelow-
na barrister and solicitor, was a
business visitor here from Van-
couver over the past week-end.

Major Macgregor Macintosh, M.
I.A. for the Islands, was a brief vi-
sitor to Kelowna last Friday.

Lieut. W. B. Bredin has written
from Toronto an interesting letter
concerning point of interest in the
east. He is at Camp Borden taking

Ablett, Miss Dorothy Rodwell, Mrs.
M. J. Casorso, Mrs. W. F. Cook and
Mrs. D. A. Gordon.

Mrs. J. E. Smith and Mrs. M.
Stone were the raffle winners.

SAFEGWAY

Why buy him a typewriter
at the END of School?

Summer vacation, you're probably saying, should be a time for rest and physical development only. True, but learning to use a typewriter is more fun than work for a youngster, and he'll return to school with fingers that can keep pace with racing thoughts of youth—not chained to the creeping progress of his pencil. For, the greater speed and ease of typing will free his mind for thinking rather than for writing.

HOW DO WE KNOW that a Portable typewriter can do these things for your youngster? By tests in the nation's schools and colleges which show that students who use typewriters average 17% more written work, make 75% fewer mistakes in English, and average 10% to 30% higher grades in many subjects than those who use longhand alone.

But WHICH Portable? A Remington—\$39.50.

It costs so little a month to buy a Remington. Only \$3.00 down and \$3.00 per month.

If it is in the stationery line we have it.

SPURRIER'S

special instruction prior to return- ing in Toronto is extremely popular west to rejoin the 9th Armored and there are 13,000 Scouts enrolled. He also sent a Morse signalling outfit to Scoutmaster George Yochim of the 2nd Kelowna Troop, which Lieut. Bredin orig- inated and was the first leader. He informed, S.M. Yochim that Scout-

The offer of E. M. Carruthers & Son, on behalf of a client, for Lot 11, Plan 578, except Parcel B4050, on the south side of Laurier Avenue, was turned down by the City Council on Monday, as the upset price is \$175. The Carruthers offer was \$150.

1ST RUTLAND TROOP

"Do a Good Turn Daily"

Orders for the week ending Friday, May 6th, 1944:
The Troop will parade in the Community Hall on Friday, at 7:30 p.m. in full uniform.
Duty Patrol: Beavers, P.L. Harry Smith.

War Services: We seem to have a huge pile of magazines at the Hall, but the competition is still on, so let us all bring a few more and swell the pile a little more. Remember, they are worth valuable points to your patrol.
Program: 1. Flag Raising; 2. Roll Call; 3. Inspection and special inspection (watch out!); 4. P. E. and games; 5. Corners; 6. Classes; 7. Night Scouting; 8. Relay (if time permits); 9. Yells and Dismissals.

I am very pleased to report that Mr. Gray is recuperating rapidly and will, we hope, leave the Hospital in a few days.

What's the matter with the Kangaroos? I hope they are not muscle-bound in those long hind legs!!!

Patrol	Points
Foxes	1,598
Eagles	1,310
Beavers	911
Seals	678
Kangaroos	345

RAINS IMPROVE WATER SUPPLY IN GLENMORE

Have to Raise Level of Water in Dam Another Six Feet for Three Irrigations During Season

The rains of the past week have somewhat improved the Glenmore water situation. This has been most evident in the creek flow. On April 26th this was so low that there was no water at all for Glenmore and Ellison, and to all appearances water would have to pass through the dam to maintain the flow for the prior record holders. The rains have raised the creek to an extent that there is now ample water for these prior records and a moderate flow for Glenmore and Ellison.

It is rather difficult to say just what effect the rains had upon the flow into the dam, as they came when the snow run-off was about at its peak. On May 6th, the main dam stood at seventeen feet, three and one-half inches, representing 1,061 acre-feet of water. It rose six inches during the previous twenty-four hours. It will take another one-half inch, or 1,345 acre-feet, to provide three irrigations for the unpumped area. There is only five feet, six inches, in the South Lake dam, representing 65 acre-feet.

Mrs. L. E. Marshall is a patient in the Kelowna General Hospital.

Mrs. G. C. Hume returned home last Friday evening, after a month's stay with her daughter and son-in-law, Mr. and Mrs. Jimmy Robertson, in Seattle.

Mrs. P. Ward received a cablegram on Monday, April 28, from her son, Harry, conveying the news that he had safely reached England.

An enjoyable dance was held at the Glenmore School-house, on Wednesday evening of last week, with a large crowd in attendance. The Stolz orchestra from Rutland supplied the music.

Mr. and Mrs. Paul Chase and little daughter, Pauline, accompanied by Mr. and Mrs. R. Chase, of Rutland, and Mr. and Mrs. Herb Bailey, of the Mission, left by car on Friday last for Vancouver, where they are visiting Mr. and Mrs. Jack Bailey for a few days.

Mr. and Mrs. Ryan, who visited their cousin, Wm. Ryan, during part of last week, have returned to their home in Moose Jaw.

Miss Marie Ivanschitz, of Rutland, is staying this week at the home of Mr. and Mrs. Paul Chase.

1 CANNERS TO PAY

From Page 1, Column 5
up enough tomatoes to last until this season's pack is in readiness for market.

Last year, the acreage in B. C. was heavy and above average. It is anticipated that a much greater tonnage will be contracted for in all districts, and the Interior may turn out its highest yield of tomatoes in its existence.

When the Vegetable Board met representative canners to discuss tomato canning prices, the plant owners pointed out that there will be increased costs of transporting tomatoes. The Vegetable Board told the canners that they would not be satisfied with such a suggestion, and that they would hold out for two dollars more per ton for No. 2's, on behalf of the growers.

Shortly afterwards, the Vegetable Board issued the prices to be set as standard for the season, and they were two dollars more than 1940 prices. Since then, the canners have made a number of contracts with growers at these standard prices and it would appear that the entire deal will go through satisfactorily.

The prices are \$17 for No. 1, \$12 for No. 2 and \$12 for juice tomatoes.

A uniform contract, as drawn up by the Vegetable Board, is being signed by the canners and growers. Lillooet is a new district which has introduced tomato growing, while Grand Forks expects heavier tonnage after a successful 1940 season.

Heavy plantings of early cabbage and bunched vegetables in general are reported in this district by the Vegetable Board. These crops are well advanced and will be ready for harvesting at an earlier date than ever before. Carrots of lettuce are expected to roll from Armstrong by the end of the month; a new record in early production.

In U.B.C. Play

LISTER SINCLAIR

who will play the part of the witty Mr. Burgess in the U.B.C. Players' Club annual presentation of George Bernard Shaw's "Candida". The play depicts the humorous side of Edwardian England, embodying the Shavian wit and comedy. This play will be produced at the High School auditorium on Wednesday, May 21, under the auspices of the High School.

2 FOUR RECOMMEND.

From Page 1, Column 3

recommended that the householder be required to treat the contents with wood ashes, an oil spray, or other satisfactory means of preventing unpleasant odors or other nuisances, and to provide for the cleaning out of the pit from time to time as conditions require. In addition, it is recommended that the pit box and superstructure be constructed so as to be fly-proof at all times. Responsibility for satisfactory operation of the privy and its maintenance should lie with the owner or householder. Exceptions to these regulations should be permitted only with the written permission of the Board of Health.

(2) That Bylaw 508, regulating the collection and disposal of garbage in the City, be amended so as to provide for weekly garbage collections preferably throughout the year, but at least from April first until the thirtieth day of November of each year. In addition, the householder should be required to maintain garbage cans in such a condition as to prevent the occurrence of unpleasant odors and fly nuisances.

(3) Throughout the year, numerous complaints have been received regarding nuisances arising from the keeping of animals of various kinds within the City limits. While grounds for complaints are in a number of cases justified, abatement of all such nuisances does not come within the jurisdiction of this Department. A recent survey of the whole of animals, pens and stables shows that the situation on the number is very favorable at the present time, and it is suggested, therefore, that this may be a very opportune time for the passing of regulations governing the keeping of animals within the City limits.

As an alternative to rigid zoning restrictions, it is suggested: (a) that the animal establishments already in existence be permitted to continue in operation under temporary licenses or permits, such permits to be rescinded with a change of ownership or tenant, and with the building up of a district formerly sparsely occupied; (b) that new applications for permits for the keeping of animals in the future be accompanied by the written permission or approval of a majority of the householders likely to be affected in the given neighborhood.

(4) It is my understanding that in the financing of the extension of the sewerage system last year provision was made for enlargement of the sewage disposal beds. As this system is already overloaded, it is recommended that this work be gone ahead with at an early date.

There has been practically no capital expenditure on the buildings this year, although minor repairs and alterations have been carried on for more than a month now.

HIGH SPOTS

of Kelowna Senior High School News

The Junior and Senior High cadets have joined forces to form a battalion. The boys parade on Monday now instead of Friday. Signalling classes still continue, and the first aid group wrote their exam on Tuesday.

On Friday, May 2, members of the Junior Matric class journeyed up to Vernon to attend a class party, at the invitation of the Vernon Grade twelves.

Prizes have been awarded to Kaye Johnston and Bob de Pryffor for selling the most tickets to the school play. Kaye sold 42 and Bob, 33.

AGREEMENT WITH SPORTS GROUPS IS AIRED AT COUNCIL

Pay \$700 Capital Costs and Regulations Laid Down by Council as to Future Operation

Details of the agreement reached by the Kelowna Lacrosse Association and the Kelowna Hockey Club with the Kelowna City Council recently were revealed at the Council session on Monday. It has been agreed by the two clubs that they would make no capital expenditures on the boxla premises in the City Park, and that 25 per cent of the gross gates of games played at the box would go to the city coffers.

Free skating for children of school age will be available Monday to Friday afternoons and Saturday mornings, by the Hockey Club, if and when ice is available at the Park. The box will be available for boxla practice for school children any week-day afternoon.

In return for these agreements, the City Council authorized a grant of \$700 to be paid to these two clubs, \$100 to the hockey club and \$600 to the boxla group. This amount represents 67 per cent of the gross capital expenditure put into the box last year, in lights, seating accommodation and dressing rooms. The other 33 per cent has been absorbed by the sports groups.

MOTORCYCLE CLUB

Sunday, April 27, saw seven enthusiastic motorcycle riders on a cross-country time trial—a competition run on ability to ride and on good judgment of speed and time.

The competitors rode from South Kelowna to Cedar Creek over logging roads, cow trails, sandbars and creek beds, all for the sport of it, as well as for a small prize for the three retaining most points.

A. Appleton and A. Gillard tied for first, followed by R. Barber, second.

The club membership was increased by three at last Tuesday night's meeting, when A. Gillard and Charlie Robertson, both of East Kelowna, and Henry Tuft were voted in as active members. We hope they will enjoy the sports laid out for the summer.

The next big event the club is undertaking is the Motorcycle Rally on May 11, held annually at Falkland.

The club invites motorcycle riders from all parts of the Valley to attend this get-together for a day of motorcycle sports. The club members are still talking of a good time had there last year.—CHARLES GAUVIN.

KELOWNA AQUATIC HOLDS MEETING

Next Thursday, the annual meeting of the Kelowna Aquatic Association is being held in the Aquatic lounge, with Vice-President Len Leathley presiding in the absence of the 1940 President, Sapper Jack Treadgold, R.C.E. It is anticipated that some interesting reports on progress during the first year of operations under the stress of war will be heard and will give an indication as to the amount of progress to be expected at this popular summer institution during the war years.

There has been practically no capital expenditure on the buildings this year, although minor repairs and alterations have been carried on for more than a month now.

Wallace R. Gunn, of Victoria, was a visitor in town last week.

OKANAGAN CENTRE

H. A. Howard, of Calgary, President of the Okanagan Valley Land Co., and G. D. Marshall, of Sumnerland, Manager, were in Okanagan Centre on Friday last on business. Mr. Marshall was accompanied by Mrs. Marshall, who visited old friends during their stay.

Frank Parker left on Friday last for Victoria, where he has enlisted for the army course in auto-mechanics.

Mr. and Mrs. Cheesman spent the week.

week-end in Kamloops, the guests of Mr. and Mrs. Joe Woods. Their daughter, Patricia, who is attending school at St. Anne's Academy, was confirmed on Sunday, during their stay.

Mrs. Bradford is at home again, after a month's stay at the home of her son in Vernon.

Mrs. A. H. Macfarlane, of Bonaville, is the guest of Mr. and Mrs. H. Macfarlane.

J. Perry, of Kamloops, was a business visitor in Kelowna this week.
